EXPLANATORY NOTE

The democratic principle requires the broadest participation in electoral and similar exercises by persons who have all the qualifications and none of the disqualifications to vote.

Under the electoral law now in force the rule is that a person has to be physically present in the polling place whereof he is a registered voter in order to be able to vote subject to several exceptions such as government officials and employees, members of the AFP and members of the PNP who are duly registered voters and temporarily assigned on election day in places where they are not registered to perform public functions and duties as well as the qualified Filipino citizens abroad.

This bill seeks to grant the members of the media who are assigned to places other than their place of registration the privilege to participate in electoral exercises, under certain conditions.

In view of the foregoing, the approval of this bill is earnestly requested.
