**EXPLANATORY NOTE**

Driving under the influence of liquor and/or prohibited drugs is the cause of a great percentage of road accidents. Yet, there is no law defining and punishing as a crime the act of driving while under the influence of liquor and/or prohibited drugs. Only cities and some first class municipalities have individual ordinances penalizing drunken driving but their penalties are only minimal.

With the modern highways and expressways we have in our country today and laxity of the Land Transportation Office in granting licenses to drive motor vehicles it is necessary that there must be a national law punishing the act of driving under the influence of liquor and/or prohibited drugs to protect other law-abiding motorists and user of public passages.

In view of the foregoing, the approval of this bill is earnestly requested.
